Facilitator: Irene Greene MSED has 29+ years as a therapist, wellness and relationship coach, activist, and educator. She has designed and facilitated dozens of support and therapy groups. She has offered this group several times over the past 20 years. Irene is the chair of the MN LGBTQ+ Therapists Network, a member of MN Women in Psychology, and has certification training in compassion fatigue and trauma. She also offers conflict resolution and transition coaching to families and relationships in transition due to “coming out”, separation, co-parenting, and unresolved family of origin issues related to adult childhood trauma and conflict.

Irene adheres to a fundamental consciousness for how the layers of cultural and systematic oppression and trauma influence our personal and inter-personal wellness and wellbeing. All of the groups that Irene facilitates are anti-racist, intersectional feminist spaces that are affirming and inclusive of the fluidity and variety of sexuality, sexual and gender expressions and relationships.
